Miss newsletters?

You did not receive a January, February, or March newsletter because we are keeping costs down by not doing them every month! I will continue doing Quarterly updates on how we are doing.

Our Success is God's Will

This program's success in completely and totally in God's hands. He entrusts and calls so many of us to put forth time, money, and energy into this wonderful community meal.

We cannot continue this program without everyone's prayers and contributions, however. Please check with your financial givers and ask if they are remembering us.

Make out that check to the GVUMC for the Last Friday Supper. We are missing quite a few contributions from Faith-based organizations. Could it be yours? Please call Nan at 432-3071 and I can give you an update on your giving.

Calling Entertainers

Do you play an instrument? Sing? Do stand-up comedy? Know anyone who does? Have them call Nan at 263-7634 and we'll work them into our schedule.

Kudos to our Volunteers!

Your willingness to serve in this program is greatly appreciated. We get such enthusiastic, energetic volunteers, but at times we get so many it is difficult to manage—and we all end up running into each other.

Ah, but what a blessing!!!! We all end up SO physically close with all the constant touching and bumping and "excuse me", that we all become one huge family by the end of the night. ☺ I would love to have this problem with our guests, too. So please post flyers at your work (with permission) and other places that you may visit throughout the month. We really need to gather
